February-2004

Report of the ***“Orphanage Support Team of AICM”***...

Well, here we are in the month of February, 2004... Time sure does fly... First the financial report for the month of January... We collected **\$2,254.00** during the month of January, which makes a total to date of **\$20,321.50** for the past 8 months. Things are really happening with the ***“Orphanage Support Team”***. The Lord is truly working... We now have over 70 members in our ***“Orphanage Support Team”*** with at least half of them providing financial support each and every month. We did not meet our budget during January but currently are in good shape financially because collections during November & December were more than the budget. We are very thankful for all of you that are involved with the ***“Orphanage Support Team”***. We are just a small group of people that are feeding and caring for children. It's hard to imagine that if we did not feed these children there is no one else there to take our place. Some may say that it's hard to believe that a small group of people can raise the money needed to feed and care for 450 children in a far away country. But we are living proof that it can be done and nothing is impossible when you put your faith in God.

This past month we started a new program to supply funds for scholarships that would allow children that are not attending school because of lack of funds to attend school. We are now sponsoring 70 children with scholarships. The cost is \$50.00 per year per child. These children are currently attending the Liberty Christian School, which is one of the better schools in Liberia. We feel that by next September we will support a maximum of 100 children. So as you can see the ***“Orphanage Support Team”*** is doing some mighty work in Liberia. We are providing total support such as housing, feeding, education and care for the Mother Victoria Thomas Orphanage of 300 children, we are providing food for three outside orphanages and now providing a scholarship program for 70 (soon to be 100) children that don't have a chance at securing an education. We truly believe that the financial contributions the ***“Orphanage Support Team”*** is providing is making a difference in the lives of many children in Liberia. Please don't let the successes of the past couple of months keep you from making your January contribution.

We are forming a board of directors of the ***“Orphanage Support Team”*** which will meet monthly in order to review collections and disbursements of funds and all policy decisions of our work in Liberia. If you are asked to join the board please do so. The Lord will truly be a blessing.

If you have not sent your February contribution please do so as soon as possible. Also, please try to get others to join us... The ***“Orphanage Support Team”*** is feeding and caring for children. Please mail your contribution to:
